Copy of Memorandum No. F. 66 (26)/49 - (SA)/19605, dated the 8th/9th December 1949, from the Under Secretary to Government of India, Department of Scientific Research, New Delhi, to the Secretary, Indian Central Sugarcane Committee, New Delhi.

Subject: Publication of a note in non-technical language of research work done under the aegis of the various Ministries of the Government of India and Research Organisations.

An extract from the minutes of the meeting of the Advisory Committe for Co-ordinating Scientific Work, held in New Delhi on the 29th November, 1949, on the subject mentioned above, is forwarded with the request that a short note in non technical language written for the public may kindly be sent to this department monthly, commencing from the month of December 1949. The note should reach this department by the 25th of each month at the latest, commencing from 25th December 1949. The name of the officer in your ministry/organisation to whom all correspondence on this subject may be addressed, may kindly be communicated to this department. This will facilitate the issue of the note which H.P.M. is anxious to bring out at once.

The receipt of this memorandum may kindly be acknowledged.

Extract from the minutes of the 9th meeting of the Advisory Committee for Coordinating Scientific Work held on the 29th November, 1949, in New Delhi.

XXXX XXXX XXXX

9. The committee discussed the dissemination of information regarding progress made of research in various scientific fields. It was considered desirable that the public should be kept informed of the work being done and the Committee recommended that a monthly note which should not exceed 8 pages folio, written in topical language which could beunderstood by the layman, should be prepared and sent to the Principal Information Officer for circulation to the Press, to the All India Radio for broadcasting and to the Members of the Legislature. The various Ministreis and Semi Government organisations should prepare the notes and send them to the Department of Scientific Research, who would then compile the information received and take further action necessary.
